## CHORAL UNION TO HAVE GARDEN PARTY.

The Moline Choral union members after the successful concert of "Israel in Egypt" given at the Moline theatre in February, do not consider discontinuing work for the season but have a number of plans to be carried out. At Tuesday night's rehearsal at Recreational hall they began work on the

"Sleeping Beauty," by Cowen, which will be given next November. It is to have accompanying tableaux similar to the last production and the music, is very lovely. This year there will be no spring concert, the one just given taking its place, but in June a large garden fete is planned which will be held either at Hillcrest or Overlook. Eight or ten numbers from grand operas will be given at that time besides other feature entertainment. Earlier than that a moving picture house will be taken over for a day the week following Easter to raise money to help carry on the spring work.

The expenses have not lagged one month so far this season and members are very desirous of keeping up this standard. During the grand army encampment the Choral union will sing as a part of the two evening programs.

## SENIOR CLASS BANQUET.

Thirty-four members of the Augustana college senior class, and their friends to the number of nearly 50 enjoyed the annual banquet last evening in the magnificent banquet hall of the new Black Hawk hotel in Davenport. A six course dinner was served at tables trimmed with bouquets of red poppies, with potted plants and large bouquets of other flowers further trimming the hall. After a bounteous repast Victor Pearson, president of the senior class acting as master of ceremonies, called for the following toast:

"Echoes"—Emil Dahlberg.

"Our Alma Mater." Esther Eckstrum.

"Our Guests." C. O. Johnson.

"Vies & His Class." E. A. Palm.

"Visions." Adina Olson.

"15 Girls." Leo DeLong.

"Our Guide." Amy Anderson.

Response, Dr. E. F. Bartholomew.

Dr. Bartholomew, who is the class guardian, spoke words of serious advice to the members of the graduating class, relating the legend of Ossian in search of his master. He would serve no other than the greatest and most mighty and the first he found was a king. For a time all went well but soon he learned that Satan was mightier than the king and left to serve the other. Then one day he learned that Christ was the Mightiest of the Mighty and joined His service, but here he had to learn the true essence of service, which was humility and love.

Although the other numbers were of a lighter vein, yet they were tinged with a touch of sadness, since this is the last of the annual affairs. The menu cards were artistically gotten up with the cover design in maroon leather, the first page containing a photograph of Dr. Bartholomew and the second verses written as a tribute to him by Paul Holmstrom. The banquet was arranged and carried out by the committee composed of Miss Eleanor Magnuson, C. E. Gunderson and Conrad Bergendorff and was one of the most elaborate and beautifully carried out ever given by class organizations at Augustana.

## EXPECT MILLION FOR RIVER WORK

### BELIEVED ABOUT THIS AMOUNT WILL BE EXPENDED IMPROVING MISSISSIPPI.

Repair of Equipment Is Being Rushed in Order to Be Ready for Start During the Month.

It is thought here that there will be at least \$1,000,000 or probably more allotted to the local United States engineers office for work on the improvement of the Upper Mississippi river during the coming year, now that congress has appropriated \$25,000,000 in the river and harbor bill. Notification of the exact sum is expected soon.

The prediction of the allotment for work here is based on the amount received last year. At that time \$20,000,000 was appropriated for work on rivers and harbors and \$80,000 was given for the work here. Proportionately the allotment this year would be \$1,000,000 but may be more in view of the fact that there is a full summer of work ahead while last fall there was but a few weeks.

**IN LUMP SUM.**

The appropriation of \$25,000,000 was made in a lump sum and the war department engineers at Washington will make the allotments. They will likely base this on the data they have regarding the work planned to be pushed through here during the coming year.

Work will likely start the latter part of this month according to statements made by officials at the United States engineers office this morning. It was declared that the equipment of the government is being repaired and that it would be pushed to a rapid completion now that the appropriation is passed, so that everything will be in readiness for the work at the earliest possible moment.

Hundreds of men will be given work on the river this summer, which labor is planned in conformance with the permanent improvement of the river, day with Mrs. Thompson?

Dear Mrs. Thompson: (1) I am going with a boy three years my junior. He has been calling on me steady for about six months. He is quite annoying to me, especially when others are around, because he insists upon calling me endearing names, such as "Snooky Outlook" and "Tootsy Woosty." As he has never said that he cares for me, what does this indicate?

(2) The other evening while I was sitting in a rocker, talking to my other boy and girl friends (not noticing where he was), the first thing I knew he had slipped back of me and leaned over my chair, grabbing me and kissing me. I had never had another experience such as this, and so the first thing I knew I had jumped up and slapped him, not only once, but several times. Our friends only laughed. Now tell me, what was so funny. Mrs. Thompson? M. K.

(1) The boy is trying to act smart. It only indicates that he is silly.

(2) Things often seem funny which are really deplorable. Why have anything to do with such a boy? He can only embarrass you.

Dear Mrs. Thompson: I am a girl of

## HEARS MOTION TO TAKE FROM JURY

### ATTORNEYS FOR MOLINE LAUNDRY ASK DISMISSAL OF DAMAGE SUIT IN COURT.

Raise Point Settlement Is Not Attempted By Mrs. Lillie Blade Jackson Before Case Started.

A motion to take the case from the jury on the grounds that Mrs. Lillie Blade Jackson had made no attempt to settle with the owners of the Moline Electric laundry following the accident in which she claims she lost the use of her hand, was considered this morning by Judge F. D. Ramsay.

He held that the workmen's compensation law required in order to get a judgment in court that the injured must make an attempt to settle the first out of court following the accident and that if there is no suitable arrangement made, then the case can be taken into the tribunal.

My dear little girl, you have told me so little that I cannot advise you what to do about writing to the man whom you love. If you send me a stamped envelope and particulars, telling why your guardian objects to the man, I shall be glad to answer you as best I can. Go with other boys. It will be perfectly all right and the sensible thing to do.

Dear Mrs. Thompson: I am a young girl and I am considered very pretty. I have been going with a young man and have been engaged to him for quite a while. I love him very dearly and he also loves me until my guardian interfered and made him promise not to write me letters or go with me. I am heartbroken over this interference and can hardly resist the temptation to write to him. Do you think it would be wrong to write when I did not promise that I would not write? I am anxious to know if he still loves me. I cannot ask him and he will not write because he promised not to. Do you think that he would respect me if I wrote to him? Do you think that it would be right if I went with other boys to divert my mind? PEG C.
